

HELPING CHILDREN DREAM AGAIN

Help Your Child with Autism Thrive

Explore Our Applied Behavioral Analysis Services

Many families come to us for help for children with autism. We have a range of evidence-based Applied Behavioral Analysis (ABA) services that can help decrease problem behaviors, build communication skills and improve family life. We help families coping with autism thrive at home and in the community.

Early Intensive Behavioral Intervention (Ages 18 m - 6 yrs)

One-on-one individualized ABA services focusing on early learning and communication skills.

- 15-30 hours per week, Monday-Friday, 9AM-12PM and/or 1-4PM

School Readiness (Ages 5 - 6 yrs)

One-on-one individualized ABA services in a classroom setting to assist with the transition to kindergarten. We focus on following group instruction, building independence and developing social skills.

- 15-30 hours per week, Monday-Friday, 9AM-12PM or 1-4PM

After School (Ages 6 yrs and up)

One-on-one individualized ABA services focusing on social skill development, along with continued specialized programming to address developmental skill gaps.

- After school, Monday-Thursday, 5-7PM

Consultation (All ages)

We provide behavioral, social skills and ABA skills assessments for your child, as well as parent training through individual consultations.

- By appointment
