Meet Our Reader, Jared Goff

Jared was born and raised in California, and is now a Michigan resident after joining the Detroit Lions in 2021 as the starting quarterback. Since the beginning of Covid, Jared has turned his off-the-field focus to giving back to the community and uplifting city youth in many ways. After joining the Lions, he partnered with the Detroit Lions Foundation which focuses on initiatives that support Detroit youth, and he matches every dollar donated from his merchandise brand, JG16, to the foundation.
